

IIT Indore - TU9

Second Research Workshop

5th & 6th October 2017

at

IIT Indore, Simrol, Indore, India

<http://iiti.ac.in/TU9/>

The first IIT Indore - TU9 research workshop, held at TU Berlin in November 2016, has resulted in a significant intensification of research collaboration between IIT Indore and TU9 institutions. This includes substantial increment in joint proposals, joint papers, and student/faculty exchanges. Presently, IIT Indore is formally collaborating with seven of the nine TU9s in multiple areas. It is envisioned that this second workshop would lead to further strengthening of ties with setting up of an IIT Indore - TU9 center in future.

Participating TU9s
