

Call for Posters

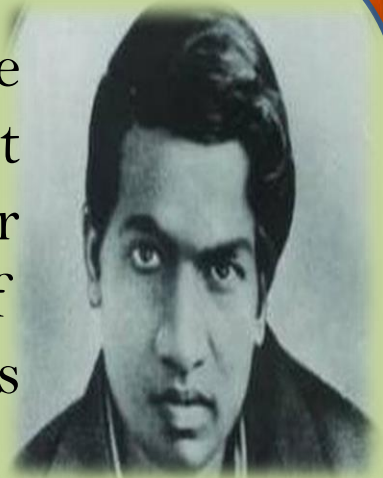

RAMANUJAN CONCLAVE

December 22nd-23rd, 2015

IIT Indore is honoured to organize Ramanujan Conclave on the occasion of 128th Birth Anniversary of Srinivasa Ramanujan. Ramanujan Fellows from various institutes of India will be visiting IIT Indore for the Conclave on December 22nd, 2015. At this historical event we would like to encourage our multi-disciplinary research scholars to showcase their innovative research at the poster presentation session.

Srinivasa Ramanujan (1887-1920)

Srinivasa Iyengar Ramanujan was a self-taught, pure mathematician, known world-over for his brilliant mathematical skills. Ramanujan was born on December 22nd, 1887. The Govt. of India declared the birthday of Ramanujan, December 22nd, as the 'National Mathematics Day.'

Highlights of his Achievements

- ❖ Landau-Ramanujan Constant
- ❖ Mock Theta Function
- ❖ Ramanujan Conjecture
- ❖ Ramanujan Prime
- ❖ Ramanujan Soldner Constant
- ❖ Ramanujan Theta Function
- ❖ Ramanujan's Sum
- ❖ Rogers-Ramanujan identities

Who can apply: B. Tech, M. Tech, PhD's, Postdocs or anyone interested
