INSTITUTE

IIT Indore, located in Madhya Pradesh, is an institute of national importance established by government of India in 2009. The institute has developed the state of the art infrastructure, well equipped laboratories, sophisticated instrumentation center, modern library, computer center etc. IIT Indore's campus is at Simrol which is approximately 25 km down town from Indore. The campus is spread over 525 acres of land in natural surroundings providing ideal atmosphere for the students.

CONFERENCE

The conference aims to provide a platform for chemists to share their recent contributions in the frontier areas of chemistry as well as applications to biology and materials during the occasion of 10th anniversary celebration of IIT Indore. The meeting is not only expected to highlight the latest developments in the interface of chemistry, biology and materials, but will also provide a platform for interaction between the young researchers and stalwarts in the field.
